I SUPPORT LYP FOUNDATION FUND

Friday - 1st June 2012

The LYP Foundation

The LYP is committed to education; we believe that when you educate, you empower. It is with the appreciation of this fact that we formed the LYP foundation to champion for the education of bright, talented and needy high school students in our community.

We believe that by educating and mentoring these children we are shining a ray of hope to families and communities that have so far lacked role models, have resigned to their plight of poverty.

LYP holds several events to fundraise for the LYP Foundation that educates bright but needy students through high school, this being one such event. We have 3 students: a young man at Lenana School and two young ladies at Starehe Girls. This has been made possible by the generous contributions of Foundation trustees and friends who have religiously given 6, 000 per year or more. God bless you all. We plan on educating more. You can become a Foundation Trustee too.
